

## Don't Select a Corset by Waist Measurement

For a corset may be your right waist size and yet the proportions may be wrong for you in other respects.

The correct way is to choose a corset designed for your individual figure and not according to your waist measure alone.

## PARISIANA CORSETS

Are made in 48 distinctive styles.

Among them there is one which has been especially designed for you.

We have this model in stock. Come in and see how it will give you the graceful, slender hipped lines without your making the slightest effort. The prices are not excessive—\$1 to \$5; silk brocades come higher.

Why not call and have this model sent out to you, if only to see how readily your figure will take the new, beautiful lines?

## STILL PARTLY IN THE AIR

S. Spore departed Sunday evening for Newkirk, Oklahoma, carrying a report of the state of affairs on the deep well proposition.

It is somewhat difficult to explain just how the matter stands, but it is something like this: Deeds have been placed in escrow, we believe, for the full amount of land subscribed, but there are three tracts which will not be available, each for a different reason. In one case the land is part of a larger tract which is covered by a mortgage. It may be possible to get this released and make it available. Another tract is in a grant, and owing to some conditions which cannot be remedied we are told that this tract will have to be counted out. The third tract is conveyed by a conditional deed, the conditions being described as "too numerous to mention."

Thus, the matter is still a little short of consummation, but it is believed that this may be replaced and the fact wired in time to consummate the deal.

We would have liked to de-

fer further mention of this matter until we could say it is a go, or the other thing, but readers are anxious to know the exact status of the matter, and that's what we're here for.

Here's hoping that the next mention will be that it is a go, without one if or but.

## MORIARTY

From the Messenger

Pedro Vijil is planting milo maize and cane on the Valley View ranch.

C. C. House now located at Las Vegas is boosting for the valley and asked for more information regarding the deep well.

The ever generous Wm. McIntosh was in town Saturday and besides paying for fifty-two more Messengers to be delivered once a week, gave the committee a five dollar bill for the doings on the fourth of July.

C. W. Fisk left for Santa Fe Sunday. Besides attending to some private business, Mr. Fisk will try to interest our legislators in some needed legislation for the people in the dry farming districts.

We learn with pleasure that one man, J. W. Ford who came here recently and purchased a bunch of stock, will not only see that his cattle does not bother other people but has agreed to

put in fence for some homesteaders. It is needless to say that Mr. Ford is welcomed in the country northeast and will be the gainer in the end for the stand he has taken. The Messenger will be only too glad to announce that others intend to follow Mr. Ford's example of making it their business to see that their stock bothers no one.

A. M. Shockey, Miss Alpha and Chester went to San Pedro Monday. Mr. Shockey will have charge of the "eats" at the mines.

Albert F. James came in Sunday from the Arroyo Hondo country, south of Santa Fe, where he has been assisting Messrs. Cross and Miller in drilling irrigation wells.

Mrs. B. E. Carlton, daughter of Mrs. Ella Patterson, and children arrived last week from El Reno, Okla. Mrs. Carlton will spend the summer with her mother on Patty's ranch west of Stanley.

McIntosh

M. L. Hardin has purchased a 6 H P engine and will irrigate as soon as he gets it set.

J. B. Bowman left Sunday for months visit to his old home in Lexington, Ky., which he left eleven years ago. He has promised to bring back some good tobacco, good things to eat, and some good old M—S.

We are about ready to leave his country. When we try to irrigate the water wont run up hill and when we go to a picnic

Moriarty we eat so much we get sick [John Smith was sitting next to us but was too busy to step on our toes.] What else will we have to contend with?

## Lucia

Allan McGillivray was here Monday buying supplies for his ranch.

G. F. Cobb and Moses Smith are digging a cistern for Miss Nielsen.

Mr. and Mrs. J. E. Patterson and E. L. Moulton were business callers in Willard Wednesday.

Mrs. Mary Elder was an Estancia visitor Tuesday.

Mr. and Mrs. W. L. Brown and daughter Alice, who have been spending the winter in Kansas, have returned to Lucia.

Our community is again saddened by a tragic death. A telegraphic message was received from Albuquerque Monday announcing the accidental killing of Clyde Miller by a passenger train south of that city. As near as can be learned Mr. Miller, tired by a long walk lay down beside the railroad to rest. An approaching train awoke him, apparently he became dazed by glare of headlight and confused, he walked on to the track and was struck by the engine and almost instantly killed. A Mr. Kandless of Negra was with him and attempted to get him from the track before the train hit him. Mr. Miller was a hard working industrious young man, and was in search of work when he met his untimely death. Besides his parents, five brothers and a sister, he leaves a young wife with an infant son to mourn his loss. They have the genuine sympathy of the whole community.
